

Advanced Services Price List

Part Number	Description					
Managed Monthly Re-occurring Services - Cloud Storage						
		Storage Allocation	0-49TB	50-99TB	100-499TB	>500TB
L3-CLD-SSD	Layer 3 Communications Cloud delivered high performance SSD storage - 1TB. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 143.00	\$ 121.00	\$ 110.00	\$ 101.20	
L3-CLD-HYB	Layer 3 Communications Cloud delivered performance SSD accelerated storage - 1TB. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 77.00	\$ 55.00	\$ 44.00	\$ 26.40	
L3-CLD-HDD	Layer 3 Communications Cloud delivered performance HDD - 1TB. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 55.00	\$ 36.52	\$ 29.22	\$ 23.38	
L3-CLD-ARC	Layer 3 Communications Cloud delivered HDD - 1TB. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 36.52	\$ 29.22	\$ 23.38	\$ 18.70	
Managed Monthly Re-occurring Services - IaaS Compute						
		1M Unit List Price	1YR Reserved Unit List Price	3YR Reserved Unit List Price	5YR Reserved Unit List Price	
L3-IaaS-BM	Layer 3 Communications Infrastructure as a Service (IaaS) delivered compute node for a dedicated private cloud. Includes 24 x 2.5GHz Intel Processor and 512GB of RAM. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 1,116.35	\$ 837.27	\$ 591.67	\$ 517.15	
L3-IaaS-N	Layer 3 Communications Infrastructure as a Service (IaaS) delivered compute node for a dedicated private cloud. Includes 24 x 2.5GHz Intel Processor, 512GB of RAM, and VMware Standard licensing. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 3,716.51	\$ 2,787.39	\$ 1,969.75	\$ 1,371.47	
L3-IaaS-MAN	Layer 3 Communications Infrastructure as a Service (IaaS) delivered vCenter licensing for a dedicated private cloud. Requires Managed Services SOW with a defined SLA.	\$ 933.03	\$ 622.02	\$ 552.91	\$ 431.68	
Managed Monthly Re-occurring Services - IaaS Storage						
		Storage Allocation	50-99TB	100-249TB	250-499TB	>500TB
L3-IaaS-SSD	Layer 3 Communications Infrastructure as a Service (IaaS) delivered high performance SSD storage - 1TB. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 101.10	\$ 97.81	Custom	Custom	
L3-IaaS-HYB	Layer 3 Communications Infrastructure as a Service (IaaS) delivered performance SSD accelerated storage - 1TB. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 67.39	\$ 39.90	\$ 37.51	\$ 21.24	

L3-IaaS-HDD	Layer 3 Communications Infrastructure as a Service (IaaS) delivered performance HDD - 1TB. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 64.99	\$ 33.77	\$ 24.90	\$ 15.57
L3-IaaS-ARC	Layer 3 Communications Infrastructure as a Service (IaaS) delivered HDD - 1TB. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 59.09	\$ 30.70	\$ 22.64	\$ 14.15
Managed Monthly Re-occurring Services - IaaS Networking					
		1M Unit List Price	1YR Reserved Unit List Price	3YR Reserved Unit List Price	5YR Reserved Unit List Price
L3-IaaS-48-1G-T	Layer 3 Communications Infrastructure as a Service (IaaS) delivered software defined networking - 48 ports 1G RJ-45 with 4 ports of 10G SFP+. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 273.78	\$ 205.34	\$ 145.11	\$ 114.71
L3-IaaS-48-10G-T	Layer 3 Communications Infrastructure as a Service (IaaS) Customer on-premise delivered software defined networking - 48 ports 10G RJ-45 with 6 ports of 40G QSFP+. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 528.67	\$ 396.50	\$ 280.20	\$ 217.64
L3-IaaS-48-10G-SFP	Layer 3 Communications Infrastructure as a Service (IaaS) Customer on-premise delivered software defined networking - 48 ports 10G SFP+ with 6 ports of 40G QSFP+. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 528.67	\$ 396.50	\$ 280.20	\$ 217.64
L3-IaaS-40G	Layer 3 Communications Infrastructure as a Service (IaaS) Customer on-premise delivered software defined networking - 32 ports 40G QSFP+. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 716.46	\$ 537.35	\$ 379.73	\$ 290.24
L3-IaaS-100G	Layer 3 Communications Infrastructure as a Service (IaaS) Customer on-premise delivered software defined networking - 16 ports 100G. For on-premise deployments, customer required to supply required cabinet space, and power. For hosting, please add applicable L3-IaaS-RU. All Optics, DAC, and other hardware will be added to L3-IaaS-SETUP. Requires Managed Services SOW with a defined SLA.	\$ 1,572.02	\$ 1,179.01	\$ 833.17	\$ 625.96
Managed Monthly Re-occurring Services - Monitoring and Managed Services					
	Instances	0-50	51-100	101-500	>500
L3-MON-AR	Layer 3 Communications Automated Reporting for network node. Requires Managed Services SOW with a defined SLA and existing Layer 3 Communications support contract for monitored device.	\$ 15.00	\$ 12.00	\$ 10.00	\$ 8.00
L3-MON-IR	Layer 3 Communications Incident Response for network node. Requires Managed Services SOW with a defined SLA.	\$ 45.00	\$ 36.00	\$ 27.00	\$ 21.00
L3-MON-OS	Layer 3 Communications Remote Monitoring for server element. Includes basic health monitoring and reporting. Requires Managed Services SOW with a defined SLA.	\$ 20.00	\$ 18.00	\$ 15.00	\$ 12.00
L3-MON-APP	Layer 3 Communications Remote Advanced Application Monitoring for server element. Includes application and service monitoring, custom dashboards, automation, root cause and best practice analysis. Requires Managed Services SOW with a defined SLA.	\$ 30.00	\$ 24.00	\$ 18.00	\$ 14.00

Layer 3 Advanced Services Price List

L3-MON-VoIP-APP	Layer 3 Communications Remote Voice Application Monitoring for ShoreTel Server. Includes environment monitoring, MOS analysis, overall health and reporting. Requires Managed Services SOW with a defined SLA.	\$ 120.00	\$ 120.00	\$ 120.00	\$ 120.00
L3-EM-L2	Layer 3 Communications Element Management for edge Layer 2 network node. Requires Managed Services SOW with a defined SLA.	\$ 45.00	\$ 36.00	\$ 27.00	\$ 21.00
L3-EM-L3	Layer 3 Communications Element Management for core Layer 3 network node. Requires Managed Services SOW with a defined SLA.	\$ 115.00	\$ 92.00	\$ 69.00	\$ 53.00
L3-EM-BU	Layer 3 Communications Managed backup service for virtual machine node. Requires Managed Services SOW with a defined SLA.	\$ 45.00	\$ 40.00	\$ 35.00	\$ 30.00
L3-IaaS-AV	Layer 3 Communications Anti-Virus for Microsoft Windows Server node. Requires Managed Services SOW with a defined SLA.	\$ 2.75	\$ 2.50	\$ 2.25	\$ 2.00
L3-EM-AV	Layer 3 Communications Element Management for Anti-Virus for Microsoft Windows Server node. Requires Managed Services SOW with a defined SLA.	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
L3-IaaS-EP	Layer 3 Communications Managed Advanced Endpoint Protection. For hosting, please add applicable L3-CLD Compute. Requires Managed Services SOW with a defined SLA	\$ 2.75	\$ 2.50	\$ 2.25	\$ 2.00
L3-EM-EP	Layer 3 Communications Element Management for Advanced Endpoint Protection. Requires Managed Services SOW with a defined SLA	\$ 1.25	\$ 1.25	\$ 1.25	\$ 1.25
L3-EM-SEC-1	Annual Element Management for core security node. HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 750.00	\$ 600.00	\$ 450.00	\$ 300.00
L3-EM-SEC-2	Annual Element Management for core security node. MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 500.00	\$ 400.00	\$ 300.00	\$ 250.00
L3-EM-SEC-3	Annual Element Management for core security node. LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 250.00	\$ 200.00	\$ 150.00	\$ 115.00
L3-EM-SEC-APP-1	Annual Element Management for firewall rulebase management based on application identity. HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 100.00	\$ 80.00	\$ 60.00	\$ 40.00
L3-EM-SEC-APP-2	Annual Element Management for firewall rulebase management based on application identity. MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 75.00	\$ 60.00	\$ 45.00	\$ 30.00
L3-EM-SEC-APP-3	Annual Element Management for firewall rulebase management based on application identity. LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 50.00	\$ 40.00	\$ 30.00	\$ 20.00
L3-EM-SEC-URL-1	Annual Element Management for firewall rulebase management on URL category. HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 100.00	\$ 80.00	\$ 60.00	\$ 40.00
L3-EM-SEC-URL-2	Annual Element Management for firewall rulebase management on URL category. MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 75.00	\$ 60.00	\$ 45.00	\$ 30.00
L3-EM-SEC-URL-3	Annual Element Management for firewall rulebase management on URL category. LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 50.00	\$ 40.00	\$ 30.00	\$ 20.00
L3-EM-SEC-TP-1	Annual Element Management for firewall rulebase management based on threat prevention. HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 100.00	\$ 80.00	\$ 60.00	\$ 40.00
L3-EM-SEC-TP-2	Annual Element Management for firewall rulebase management based on threat prevention. MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 75.00	\$ 60.00	\$ 45.00	\$ 30.00
L3-EM-SEC-TP-3	Annual Element Management for firewall rulebase management based on threat prevention. LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 50.00	\$ 40.00	\$ 30.00	\$ 20.00
L3-EM-SEC-WF-1	Annual Element Management for firewall rulebase management based on attachment sandboxing (e.g. Wildfire). HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 100.00	\$ 80.00	\$ 60.00	\$ 40.00
L3-EM-SEC-WF-2	Annual Element Management for firewall rulebase management based on attachment sandboxing (e.g. Wildfire). MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 75.00	\$ 60.00	\$ 45.00	\$ 30.00

Layer 3 Advanced Services Price List

L3-EM-SEC-WF-3	Annual Element Management for firewall rulebase management based on attachment sandboxing (e.g. Wildfire). LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 50.00	\$ 40.00	\$ 30.00	\$ 20.00
L3-EM-SEC-GP-1	Annual Element Management for firewall rulebase management based on client VPN configuration (e.g. Global Protect). HIGH COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 100.00	\$ 80.00	\$ 60.00	\$ 40.00
L3-EM-SEC-GP-2	Annual Element Management for firewall rulebase management based on client VPN configuration (e.g. Global Protect). MEDIUM COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 75.00	\$ 60.00	\$ 45.00	\$ 30.00
L3-EM-SEC-GP-3	Annual Element Management for firewall rulebase management based on client VPN configuration (e.g. Global Protect). LOW COMPLEXITY. Requires Managed Services SOW with a defined SLA.	\$ 50.00	\$ 40.00	\$ 30.00	\$ 20.00
L3-EM-WLAN	Layer 3 Communications Element Management for core WLAN controller or Management Appliance. Requires Managed Services SOW with a defined SLA.	\$ 500.00	\$ 400.00	\$ 300.00	\$ 200.00
L3-EM-WLAN-AP	Annual Element Management for WLAN controller AP management. Requires Managed Services SOW with a defined SLA.	\$ 0.25	\$ 0.25	\$ 0.25	\$ 0.25
L3-EM-VoIP	Layer 3 Communications Element Management for Shortel VoIP node. Requires Managed Services SOW with a defined SLA.	\$ 45.00	\$ 36.00	\$ 27.00	\$ 18.00
L3-EM-HOST	Layer 3 Communications Element Management for hypervisor host. Requires Managed Services SOW with a defined SLA.	\$ 250.00	\$ 200.00	\$ 150.00	\$ 100.00
L3-EM-STO	Layer 3 Communications Element Management for core storage node. Requires Managed Services SOW with a defined SLA.	\$ 500.00	\$ 400.00	\$ 300.00	\$ 200.00
L3C-CALLCTR	24x7 Call Center and end user support services including Engineering escalations support for desktop support. Based on per minute usage. Minimum of 300 minutes monthly.	\$ 1.25	\$ 3.50	\$ 3.25	\$ 3.00
L3-SIEM-EPS	Layer 3 Communications SIEM monitoring, log collection, correlation, and reporting. Please add applicable L3-CLD-XL; L3-CLD-SSD, and L3-CLD-ARC based on EPS and log file retention. If full text search is required then add 2 - L3-CLD-XL and double required storage. Requires Managed Services SOW with a defined SLA.	\$ 25.00	\$ 15.00	\$ 7.50	\$ 4.00
L3-VUL-Quarterly	Layer 3 Communications Quarterly Vulnerability Management for core devices. Requires Managed Services SOW with a defined SLA.	\$ 62.50	\$ 50.00	\$ 37.50	\$ 25.00
L3-PEN-Annually	Layer 3 Communications Annual Penetration testing for all external facing assets, servers, core devices, and security devices. Requires Managed Services SOW with a defined SLA.	Custom			
L3-CLD-DIA	Layer 3 Communications Cloud delivered direct internet access - 1Mb. DIA services are delivered through multiple Tier 1 internet providers. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 6.00	\$ 5.00	\$ 4.00	\$ 3.62
L3-CLD-DIA-DDOS	Layer 3 Communications Cloud delivered direct internet access - 1Mb with DDoS Protection. DIA services are delivered through multiple Tier 1 internet providers. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 8.40	\$ 7.00	\$ 5.60	\$ 5.01
L3-CLD-PTP	Layer 3 Communications Cloud delivered managed point to point circuit between Layer 3 Communication datacenter - 1Mb. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 6.00	\$ 5.00	\$ 4.00	\$ 3.62
L3-IaaS-IP	Layer 3 Communications IPv4 internet address - per IP. Internet blocks available by request. Requires Managed Services SOW.	\$ 5.00	\$ 4.00	\$ 3.00	\$ 2.00
L3-IaaS-CAB	Layer 3 Communications 48U x 600mm cabinet. Includes redundant 208v 30A power feeds, dual APC switch zero U PDUs, required C13/C14 and C19/C20 power cables. Unlimited proximity card access and IP video coverage for front and rear of the cabinet are included at no additional cost. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 2,464.00			
L3-IaaS-RU	Layer 3 Communications 1RU of rack access provided in 600mm cabinet. Includes single 15A C14 power cable. Front and rear of cabinets are monitored via IP cameras, proximity card access and switch power monitoring. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 125.00			

Layer 3 Advanced Services Price List

L3-IaaS-DCI	Layer 3 Communications Cloud delivered and managed point to point circuit. Ethernet handoff negotiable. Requires Managed Services SOW with a defined SLA and datacenter preference.	Custom			
L3-CLD-1G-PORT	Layer 3 Communications Cloud delivered and managed Layer 3 or Layer 3 protected Gigabit Ethernet port. Ethernet handoff is 1G copper. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 30.00			
L3-CLD-10G-PORT	Layer 3 Communications Cloud delivered and managed Layer 3 or Layer 3 protected 10 Gigabit Ethernet port. Ethernet handoff is 10G twin-ax. 10G optic available upon request. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 75.00			
L3-CLD-FW-50M	Layer 3 Communications Cloud delivered and managed 50 MB virtual firewall. Includes Application Visibility, Threat Prevention, URL Content filtering, Sandboxing and VPN. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 303.95			
L3-CLD-FW-200M	Layer 3 Communications Cloud delivered and managed 200 MB virtual firewall. Includes Application Visibility, Threat Prevention, URL Content filtering, Sandboxing and VPN. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 547.78			
L3-CLD-FW-1G	Layer 3 Communications Cloud delivered and managed 1GB virtual firewall. Includes Application Visibility, Threat Prevention, URL Content filtering, Sandboxing and VPN. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 791.62			
L3-CLD-LB-200M	Layer 3 Communications Cloud delivered and managed 200 MB load balancer. Includes localand/or global traffic management cababilities. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 808.27			
L3-CLD-LB-1G	Layer 3 Communications Cloud delivered and managed 1GB load balancer. Includes localand/or global traffic management cababilities. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 1,140.40			
Managed Monthly Re-occurring Services - Compute					
		1M Unit List Price	1YR Reserved Unit List Price	3YR Reserved Unit List Price	5YR Reserved Unit List Price
L3-CLD-S	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 1 x 2.5GHz Intel Processor and 2GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 26.24	\$ 19.68	\$ 13.51	\$ 11.71
L3-CLD-M	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 1 x 2.5GHz Intel Processor and 4GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 52.47	\$ 39.36	\$ 27.02	\$ 23.42
L3-CLD-L	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 2 x 2.5GHz Intel Processor and 8GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 104.95	\$ 78.71	\$ 54.05	\$ 46.83
L3-CLD-XL	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 4 x 2.5GHz Intel Processor and 16GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 209.90	\$ 157.42	\$ 108.10	\$ 93.67
L3-CLD-XXL	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 8 x 2.5GHz Intel Processor and 32GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 419.79	\$ 314.85	\$ 216.19	\$ 187.33
L3-CLD-XXXL	Layer 3 Communications Cloud delivered compute Virtual Machine allocation in a virtual private cloud. Includes 16 x 2.5GHz Intel Processor and 64GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 839.59	\$ 629.69	\$ 432.39	\$ 374.67

Layer 3 Advanced Services Price List

L3-CLD-DR-S	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 1 x 2.5GHz Intel Processor and 2GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 17.05	\$ 12.79	\$ 8.78	\$ 7.61
L3-CLD-DR-M	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 1 x 2.5GHz Intel Processor and 4GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 34.11	\$ 25.58	\$ 17.57	\$ 15.22
L3-CLD-DR-L	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 2 x 2.5GHz Intel Processor and 8GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 68.22	\$ 51.16	\$ 35.13	\$ 30.44
L3-CLD-DR-XL	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 4 x 2.5GHz Intel Processor and 16GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 136.43	\$ 102.32	\$ 70.26	\$ 60.88
L3-CLD-DR-XXL	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 8 x 2.5GHz Intel Processor and 32GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 272.87	\$ 204.65	\$ 140.53	\$ 121.77
L3-CLD-DR-XXXL	Layer 3 Communications Cloud delivered compute Disaster Recovery Virtual Machine allocation in a virtual private cloud. Includes 16 x 2.5GHz Intel Processor and 64GB of RAM. Requires Managed Services SOW with a defined SLA and datacenter preference.	\$ 545.73	\$ 409.30	\$ 281.05	\$ 243.53
Professional Services					
L3-MON-CPE	Layer 3 Communications customer onsite monitoring hardware. Requirements are based off Managed Services SOW.	\$ 1,500.00			
L3-MON-SETUP	Layer 3 Communications setup costs for monitoring or element managed services. Requirements are based off Managed Services SOW.	Custom			
L3-SIEM-Onboarding	Layer 3 Communications One-time Onboarding services fee for custom install and tuning of monitored nodes. Requires Managed Services SOW with a defined SLA.	20% Annual			
L3-TRAPS-Onboarding	Layer 3 Communications One-time Onboarding services fee PaloAlto Traps on-boarding. Requires Managed Services SOW with a defined SLA.	\$ 5,000.00			
L3-IaaS-SETUP	Layer 3 Communications setup costs for IaaS services. Requirements are based off Managed Services SOW.	Custom			
L3-SIEM-CPE	Layer 3 Communications One-time customer onsite SIEM collector. Requires Managed Services SOW with a defined SLA.	Custom
